THE FUTURE OF FOOD

Sustainable Solutions

Foodservice in the healthcare environment is uniquely complex.

Patients compel a vast range of dietary and nutritional considerations. Visitors and employees expect flavorful, convenient meals. Culinary staff rely on consistent quality and simple prep. Management is pressured to meet these needs while maintaining fiscal discipline.

C.H. Guenther helps balance these priorities for sustainable success. Our high quality ingredients, flexible menu solutions and exceptional service have been trusted by foodservice professionals since 1851.

Healthcare Trends and Takeaways

Trend	Takeaway
Quality Matters Food quality perceptions can be a deciding factor when choosing a healthcare facility, particularly a long-term care facility. ¹	Differentiate your facility with high quality food from C.H. Guenther. We have a dedicated Quality Assurance Team and well established checks and balances in every stage of manufacturing.
More Foodies Nearly half of hospital cafeteria users self-identify as foodies. ¹	Your menu should satisfy foodies and your chefs. Our products create simple, signature dishes that are easy prep, from sauces and gravies to entrées and desserts.
Healthy Demands Consumers want tasty options that are healthy and better for you from all healthcare facilities. ¹	Every facility can use foodservice expertise, inventive menu solutions, and product suggestions that meet today's needs. C.H. Guenther provides them all based on trend predictions, consumer insights, and comprehensive industry tracking. We also offer whole grain and low sodium options.
Labor Challenges Most hospital and long-term care kitchens have only limited culinary expertise. ¹	Easy prep is essential when your kitchen staff is inexperienced or shorthanded. C.H. Guenther has products and recipes that make it easy to create scratch dishes.
